(Published by the Editor, Colombo, Ceylon, on or about the 1st of each Month. Commenced in June 1891.)

The "TROPICAL AGRICULTURIST" has now in assured position in its large circulation in Ceylon, Southern and even Central and Northern India, the Straits Settlements, Sumatra, Java, Borneo, Northern Australia, Queensland, Central America, Siam, the Philippines, and the West Indies. From all sub-tropical planting settlements we have had cordial approval of the publication and an encouraging measure of support. The English, Indian and Colonial Press have spoken in commendatory terms of the F.A., as also Directors of Public Gardens, such as Sir Joseph Hooker, K.B.S., downwards, and to have all planters.

No planter should be without it.

Subscription, including postage, in advance: 21 Sterling, 100 Rupees, 12 Dollars, 6 Single copies 2s 6d, 40c, 50c, or 10c. Any one of the Four Volumes completed, (1891-2, 1892-3, 1893-4, 1894-5), bound in cloth, lettered, with Comprehensive Index, for £1 10s (or £12), carriage prepaid.

As a medium for English, American and Australian ADVERTISEMENTS of good, suitable for the tropics, India as well as Ceylon, the Straits Settlements, Java and West Indies or connected with agriculture, the "TROPICAL AGRICULTURIST" stands unrivalled, the work being constantly in the hands of Native as well as European and American agriculturists. Being a Monthly Periodical, the "TROPICAL AGRICULTURIST" lies on the table and is very often referred to during each month, a fact which advertisers will know how to appreciate.

Mr. W. E. Threlkeld Drey, F.R.S., Assistant Director of Key Gardens, writing of the F.A., refers to it as "an excellent repository of everything relating to the economic botany of the East."

For the sale of plants, seeds, machinery, implements, &c., used in tropical (tea, sugar, &c.) agriculture, no better advertising medium exists.

for many years has the silver been such a bright prospect as it is at such time. In fact, there are no buyers on the Metal Exchange, and the future of the silver is in question. The silver coins made today (June 3) are being hoarded by the trading circles resulted in a sharp rise in price. In the opinion that trade is being hampered by hoards and hoards, the silver market is being hampered by hoards and hoards.

branches in China have been additional "securities" within months; and in the case of silver, the price has not fallen more than twelve percent since the outbreak. It has been displaced to Hong Kong and other foreign ports, where its pure and simple nature and the absence of any mention of the treaty ports and the "free trade" clause have made the public receptive to the many rumors of silver demonization or other manipulations. Consequently, it is usual to find silver in the form of bars, ingots, and coins, and not in the form of notes, and the latter are not used. The public will have nothing to do with a paper currency, and a demand for a return to the use of the metal is heard in all corners of the empire.
